ASSEMBLY

CARE INSTRUCTIONS

- ▶ Your bed frame does not require special waxing or oiling. For routine cleaning, follow the instructions on the care card. You may also dust at any time with a clean, dry, soft cloth.
- ▶ Moisture and heat can damage a wood finish. To prevent moisture damage, promptly wipe up any spills or any other moisture. To prevent heat damage, avoid placing your bed frame too close to heat sources such as HVAC vents and radiators.
- ▶ Avoid dragging sharp or rough objects across the surface of your wood bed frame, or it will become scratched.
- ▶ Wood may expand and contract with seasonal humidity changes. Maintaining consistent humidity levels will minimize movement in the wood and help to prevent warping.
- ▶ Over time, air and sunlight may change the color of natural wood. To prevent fading, avoid placing your bed frame in direct sunlight.

TUFT & NEEDLE 100-NIGHT TRIAL & 12-YEAR LIMITED WARRANTIES

Thank you for purchasing a new Tuft & Needle wood bed frame (hereinafter the “bed frame” or “Product”). We hold ourselves to high standards and are confident that you’ll be pleased with your purchase. However, if you are dissatisfied or if you discover a defect in your Product, simply review our 100-Night Trial Policy and Limited Warranty and, if you believe that you are entitled to take advantage of their terms, please contact us at support@tn.com.

All products are carefully inspected prior to shipment. Please carefully inspect your bed frame at the time of delivery. PLEASE NOTE: If your bed frame or any part of it arrives damaged, please notify us within three (3) days of receipt of your delivery; we will arrange for a replacement or return/refund as necessary, and you will not be responsible for any returns fees or shipping charges. Please reach out to us by email at support@tn.com or by phone at 877-842-2586 to report items that are damaged upon delivery. We reserve the right to request images of such damage. All claim for damage ascertainable under initial inspection must be made within three (3) days after you receive delivery of the product; thereafter any physical damage to the bed frame that you do not report within three (3) days of delivery will invalidate the remainder of your 100-night trial. For more information about your warranty, visit tuftandneedle.com/legal/warranty

100-NIGHT TRIAL POLICY

PLEASE NOTE: Any physical damage to the bed frame that you do not report to Tuft & Needle within three (3) days of delivery of your bed frame will void the remainder of the 100-night trial. If within the first 100 nights of sleeping on your new Tuft & Needle bed frame you're not completely satisfied—for any reason—you may return it, if it remains in like-new condition and is undamaged, for a full refund. Damaged bed frames will not be accepted for return. If you return a product under our 100-Night Trial Policy that we originally shipped to an address in Alaska or Hawaii, we will be unable to refund the shipping fees that you paid for the original delivery. Please retain your bed frame packaging materials to use in the event you wish to take advantage of the 100-night trial.

Keep These Instructions

Retain these assembly instructions for future use

IN THE BOX

Parts

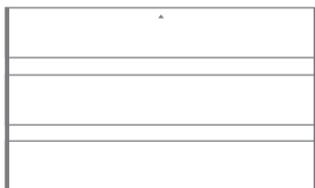

x2 Side Rail

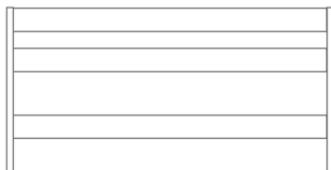

x1 Center support beam

x2 Slat sets

x1 Headboard

x1 Footboard

Hardware

x4 Washer

x4 Threaded Rod

x4 Nut

x1 Wrench

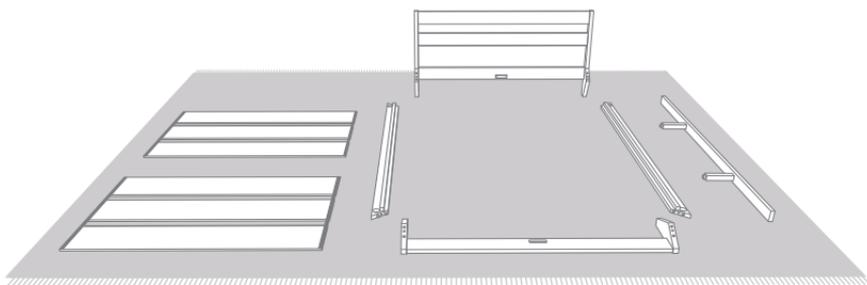

If any hardware appears to be missing, or further assembly direction is needed, reach us at (877) 842-2586 or help@tn.com

ASSEMBLY

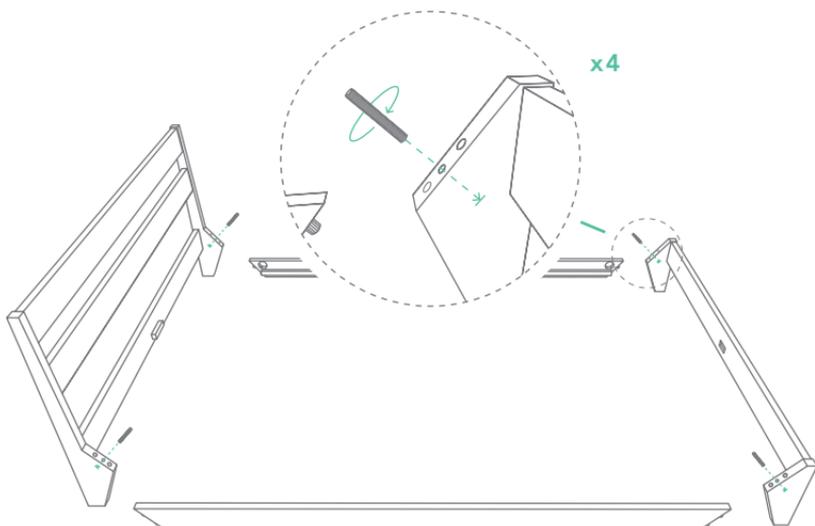

1

Arrange all frame parts on a soft rug or carpet if possible.

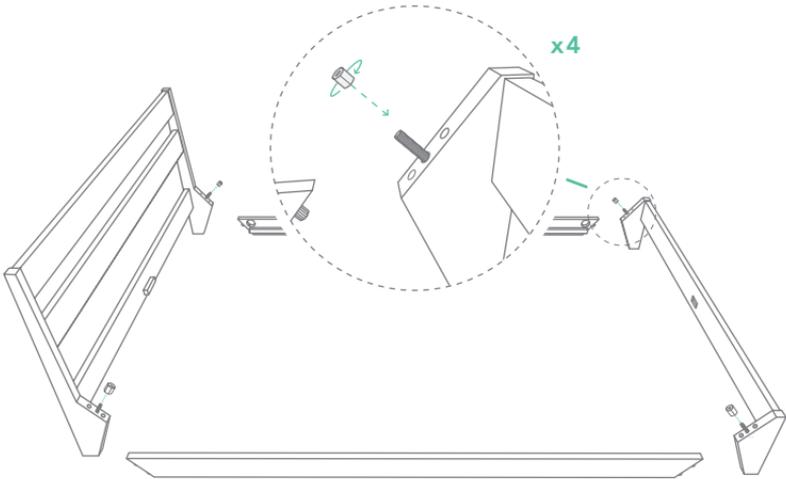

2

Insert four threaded rods into headboard and footboard. Hand-tighten all the way down until they can no longer turn.

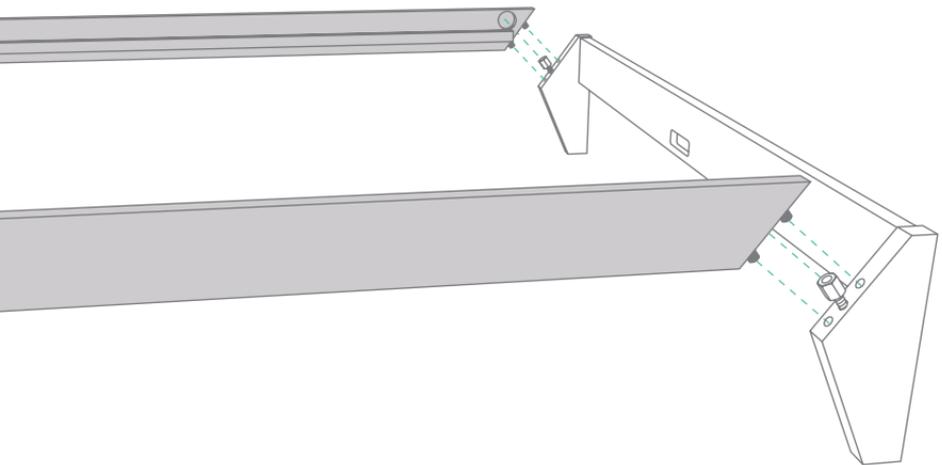

3

Begin to thread each nut on every threaded rod. (This may sound counter-intuitive but it'll help later).

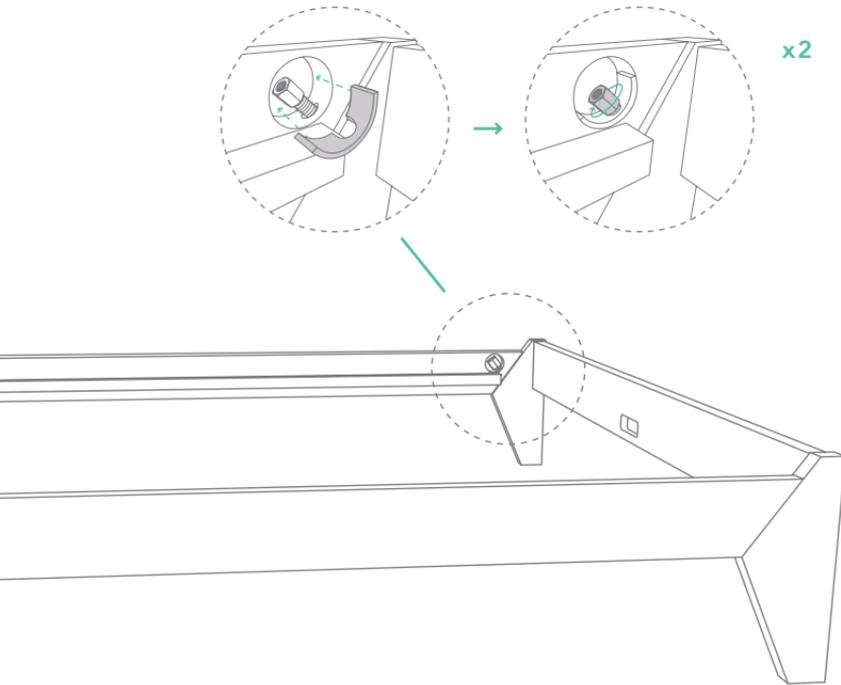

4

Place siderails onto footboard by inserting pegs into the corresponding holes.

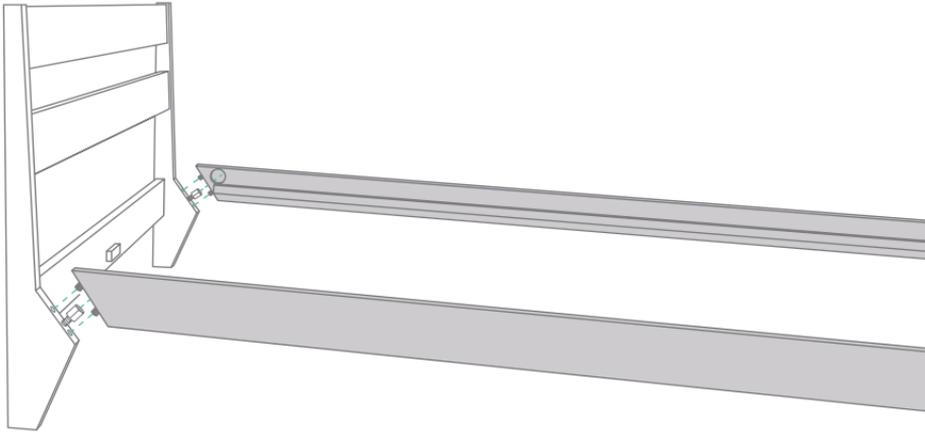

5

Insert the washer under the nut. Fully tighten with the flat wrench.

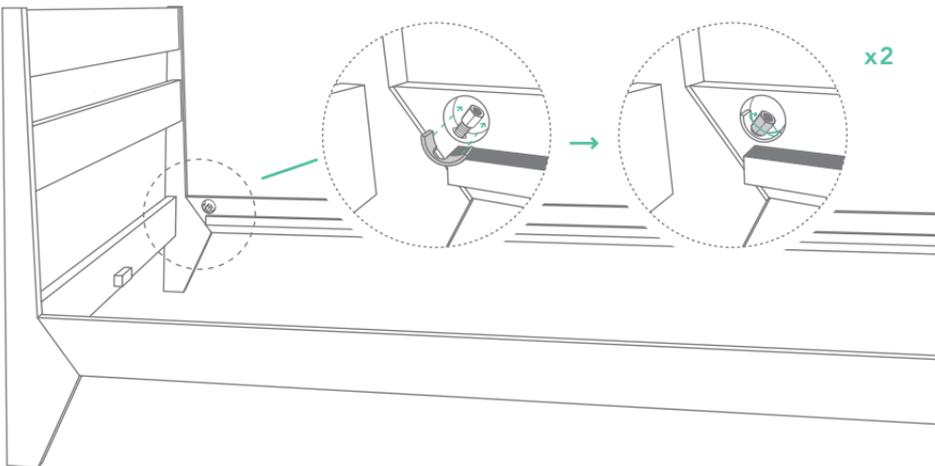

6

Place siderails onto headboard by inserting pegs in the corresponding holes.

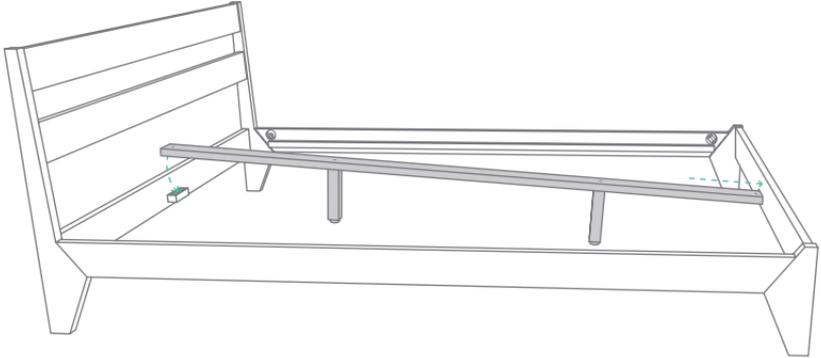

7

Insert the washer under the nut. Fully tighten with the flat wrench.

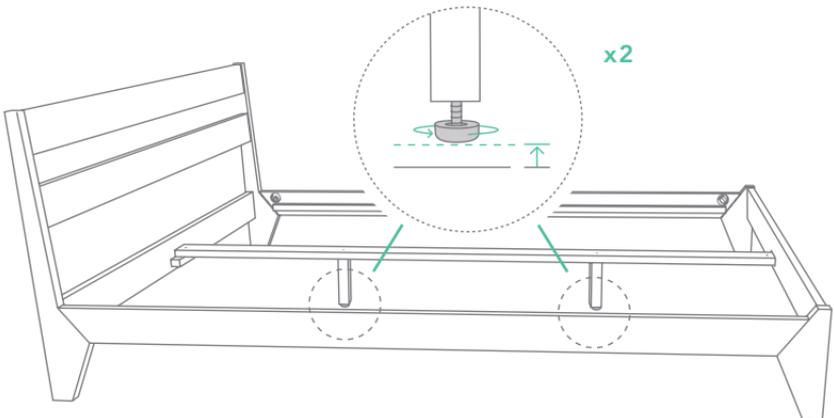

8

Insert notched edge of center beam into footboard, then place the opposite end on the headboard center beam support.

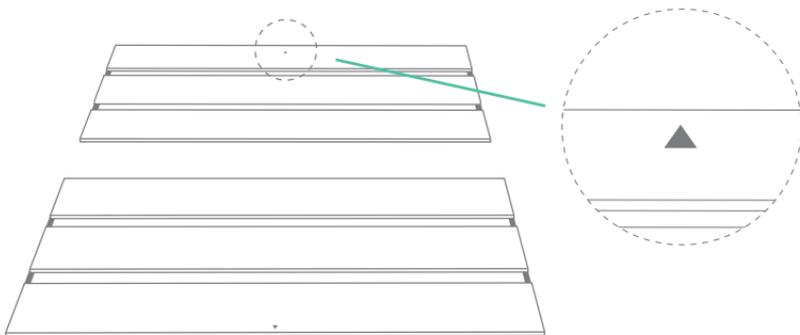

9

Adjust leveling feet as needed. Leave approximately 1/8" between the floor and the adjustable feet.

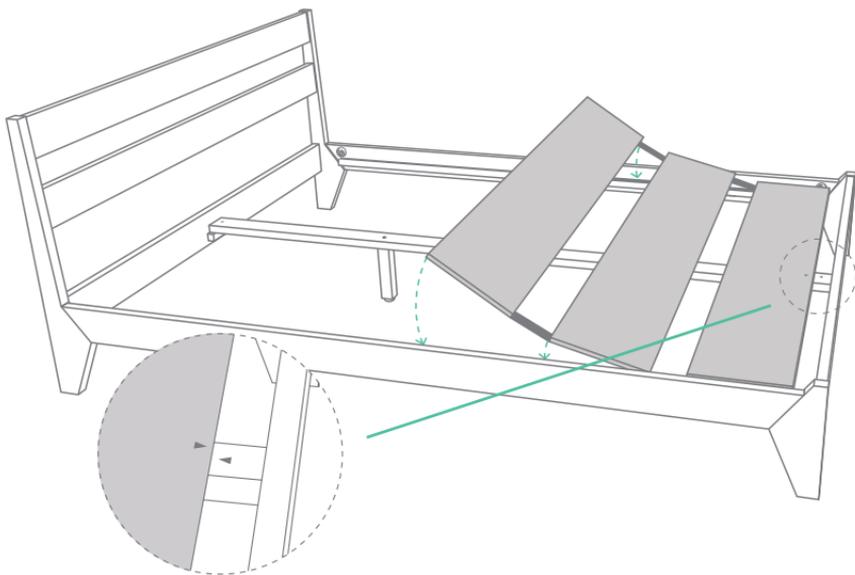

10

Layout slat sets with the triangle stickers facing out.

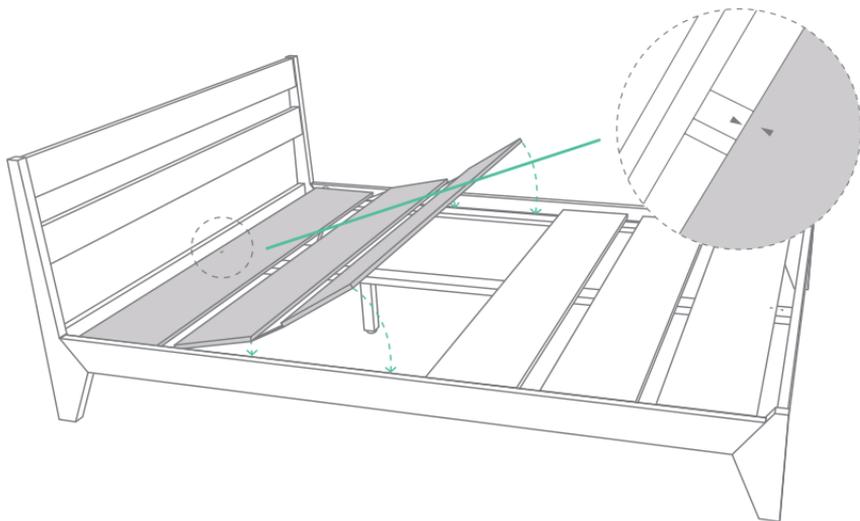

11

Align the triangle stickers on the slats and center beam, then lay the slats down one at a time.

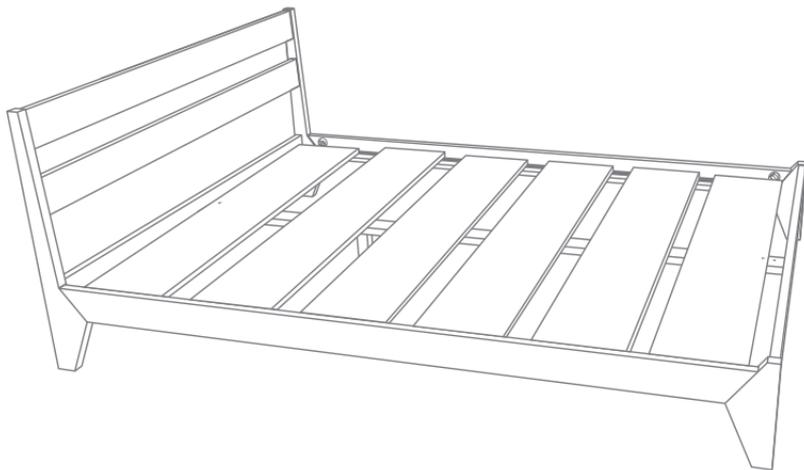

12

Repeat previous step with the second slat set.

13

Once placed, the slats should be evenly spaced. Happy Zzz's!
